Introduction

The Nelson Picture Dictionary is specially designed for use in the classroom or at home. It can equally be enjoyed by the child working alone, the child working with a parent/guardian or friend and, of course, the child in class.

The dictionary is divided into two parts. The first part is a full colour picture dictionary. Words are listed alphabetically and grouped according to topic. The second part is a complete alphabetical list of all the words in the dictionary with page references.

How to use this dictionary

To find the meaning of an English word ...

If you want to know what the word *skirt* means, look under the letter *s* in the wordlist at the back of the book. The number next to the word tells you which page the word *skirt* is on.

skeleton 55	space ship 35
skiing 39	space shuttle 35
ski 43	spade 50
skip 43	Spain 64
skipping rope 37	spaghetti 29
skirt 20	Spanish 64
sky 50	speedboat 35
sleep 45	spider 63
slide 51	spinach 26
slipper 20	spoon 33
slow 59	sport 39

To find an English word for something ...

If you want to know the English word for an article of clothing (eg. a skirt), look at the Contents (pages 4/5) and find the relevant topic, in this case CLOTHES. Turn to page 20. Look for the picture of a skirt in the wordlist and you will find the English word.

To check the spelling of an English word ...

If you want to know how to spell the word *skirt*, look under the letter *s* in the wordlist or find the word on the appropriate page.

Games and activities

There are games and activities on every double-page spread which help develop skills such as sorting, spelling, counting and matching. These can be done by the child working alone (after being given some initial guidance) or, of course, as classroom activities. The beautiful illustrations with interwoven storylines and visual twists allow the pictures to be used time and time again for a variety of language activities such as storytelling, pairwork etc. For suggestions of other ways of using the dictionary at home or in the classroom, please write to the publisher for a free booklet: Thomas Nelson and Sons Ltd, Nelson House, Mayfield Road, Walton-on-Thames, Surrey, KT12 5PL, UK.

Pronunciation

There is a cassette which accompanies this dictionary providing spoken models of all the words as well as songs and rhymes for further enjoyment and pronunciation practice.

THE NELSON PICTURE DICTIONARY

The Nelson Picture Dictionary is specially designed for young learners and is ideal for use either in the school or at home. Created by the authors of the best selling primary course *Stepping Stones*, it contains:

- over 1500 words, arranged alphabetically and by topic
- enjoyable tasks and activities which help children build vocabulary and develop basic dictionary and referencing skills
- beautiful illustrations and photographs which combine clarity and humour, making children want to return to the dictionary time and time again.

An accompanying cassette gives pronunciation models for each word, and includes songs and rhymes for pronunciation practice.
